

Sheikh "SK" Sakib

Oklahoma City, OK | (405) XXX-XXXX | hello@sksakib.com
LinkedIn: linkedin.com/in/sksakib | Portfolio: sksakib.com | GitHub: github.com/sakibskib

Technical Skills

- **Languages:** C#, Java, Python, JavaScript, TypeScript, C++, PHP, HTML5, CSS3
- **Frameworks/Tools:** React, Next.js, Angular, Node.js, Docker, Git, Jira, Three.js, Tailwind CSS
- **AI/ML:** Sentence Transformers, Transformers.js, Vector Embeddings, Semantic Search, Microsoft Copilot Studio
- **Databases:** SQL Server, PostgreSQL, MySQL, Oracle, Firebase, Supabase

Experience

Technical Specialist

Feb 2025 – Present

University of Central Oklahoma, Edmond, OK

- Built and maintained Scribe-based curriculum and prerequisite programming in DegreeWorks, improving real-time academic audits for 14,000+ students.
- Implemented CPoS (Course Program of Study) compliance and integrated SQL-based data solutions to enhance degree audits and transfer credit processing.
- Designed and evaluated AI-assisted automation solutions for transfer class articulation using semantic search, vector embeddings, and Microsoft Copilot Studio.
- Collaborated with academic departments to implement curriculum updates while troubleshooting complex DegreeWorks audit issues, improving system reliability.
- Supported enterprise DegreeWorks administration through curriculum maintenance, catalog updates, and technical problem resolution.

Projects

AI Semantic Course Equivalency Engine

Python, Sentence Transformers, Transformers.js, JavaScript, JSON, Vector Embeddings, Microsoft Copilot Studio

- Designed and built an AI-powered semantic matching system automating transfer course equivalency across a 3,300+ course catalog.
- Developed a Python ETL pipeline to normalize 34 nested JSON catalog files using regex extraction and rule-based validation, correcting credit-hour and UTF-8 encoding issues.
- Engineered a semantic search engine using sentence-transformer embeddings and cosine similarity to rank equivalent courses with confidence scores.

Password Manager (Chrome Extension/Desktop App) (PassVolt)

C#, .NET, PostgreSQL, JavaScript, CryptoJS, Supabase

- Built a secure cross-platform password manager using C# (.NET), PostgreSQL, backend APIs, and client-side encryption.

Portfolio Website (sksakib.com)

Next.js, Tailwind CSS, Three.js, Framer Motion

- Built a responsive portfolio website featuring interactive 3D graphics and modern animations.

Education

Bachelor of Science in Computer Science

Jan 2022 – Dec 2024

University of Central Oklahoma, Edmond, OK

Dean's Honor Roll (Spring 2023, Fall 2023, Spring 2024, Fall 2024)

Certifications

CodePath: Applied AI Engineer

Cybersecurity

Web Development
